August 2007

**Please Note:** The terminology used in describing the location of the controls is as follows:

- A "The" in the clue description indicates a feature that is marked on the map - eg the creek.
- An "A" or "An" in the clue description indicates a feature that is only apparent from the land - eg a termite mound.
- If navigationally challenged: West of Emerald Creek – head E till road.  
East of Emerald Creek – head W till creek then road.

## How to get there

From Cairns, travel up the Kuranda Range, west towards Mareeba. Turn left onto Tinaroo Creek Road, 10km East of Mareeba. Follow Tinaroo Creek Rd just over 3 Km and take a hard left onto Cobra Rd which turns into Emerald Falls Rd after a further 3 km. Emerald Falls Rd will take you to the car park at the day use area at Emerald Falls National park. The loos on the right are the start point for the Training Map. A top swimming spot awaits walkers at the end of the course and the day use area includes tables and wood fired BBQ's.
